Activity Date: 3/3/2020 and 3/4/2020

Organizer: NiCAT cluster

Location: Bulevar Svetog Cara Konstantina Rd 80A, Niš, Serbia

Present: 18 participants from Serbian partner organizations and 1 from foreign partner organization

Report:

The local and steering commitee meeting was opened at 12:30 on Thusday, March 3,2020 by project Coordinator Prof. Dr.-Ing. Nenad Zrnić, UB. Coordinator opened the meeting, welcomed participants and introduced them with meeting agenda. Project Coordinator presented basic information about the project and briefly provided insight into the current situation of the project.

After welcome speech, Asst. Prof. dr. Žarko Mišković started the presentation of planned and achived results within the project. He presented what was done within work packages, current situation and what was foreseen by the end of the project. It was determined that there were no changes in the documentation to justify the costs and that the exchange rate remains the same. The same documentation will be used for final financial report as for the interim report.

Some of completed activities within the work packages are:

- Dual Education Law was enacted last year based on the proposed changes

- Proposals to supplement and amend the accreditation standards have been sent

After briefly presented activities that are completed, Asst. Prof. Dr.-Ing. Žarko Mišković started the analysis of the action plan. Due to the larger amount left to most partners for travel, it was proposed to organize an extraordinary steering comitee in Spain in the second half of June which was adopted by all participants at the meeting.

After analysis, it was discussed about preparation of the final report. The supporting documentation is the same as for the interim report. The deadline for submission of complete documentation for the final report is the end of August (to have time for eventualy remarks).

At the end Prof. Dragan Domazet summarized the presentation and mentioned two main activities for the further: to encourage the authorities to enact the law acts and for the institutions to adopt their acts so that the next school year dual education can be implemented.
