IMPLEMENTATION OF DUAL EDUCATION IN HIGHER EDUCATION OF SERBIA

DualEdu

Presentation

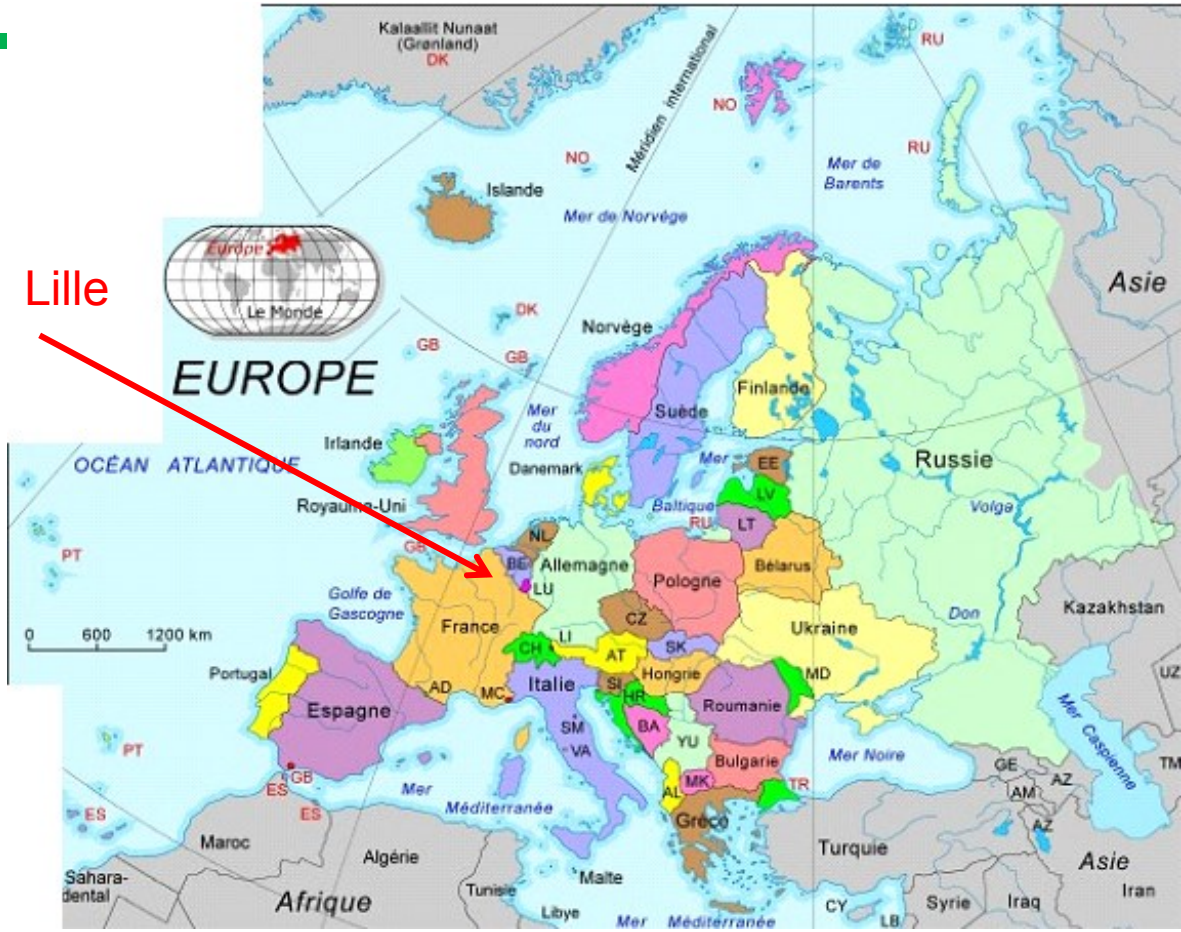

FORMASUP-FRANCE

- FORMASUP

Vocational

Training

Center

4 ways

to achieve higher qualification

in France

for a same diploma

full time training + training course

Permanent education (in part time with their jobs and specific modalities)

VAE : vocational experience assessment

« Contrats en **alternance** »
(« apprentissage » and « professionnalisation »)

Apprenticeship or WIL
Cooperative Education

Bad reputation for a long time

denoted manual work only

Several upgrading programs and plans (many laws ; information campaigns)

Important development in higher education for 20 years

« Take off » : late 90s

available in a large variety of diplomas…

Engineering diplomas
Degrees and Masters in University,
Diplomas of Business School

in most sectors : business, industry, agriculture, public service, community services

From 1987 : *the range of qualifications achieveable through an apprenticeship was widened to include the brevet de technicien supérieur (advanced technician's certificate)* **From 1992** : *Engineering diplomas, Masters and more*

Available for the young under 30 (16/30)

which combine training and employment : **Worker and Student**

2 spaces for learning ; time share between the firm and the school ;
two mentors (professional ; academic)

WIL - A work agreement with a company

Training in vocational training center/Business School/Engineer School/University

Students alternate periods in firms and in universities with different possibilities

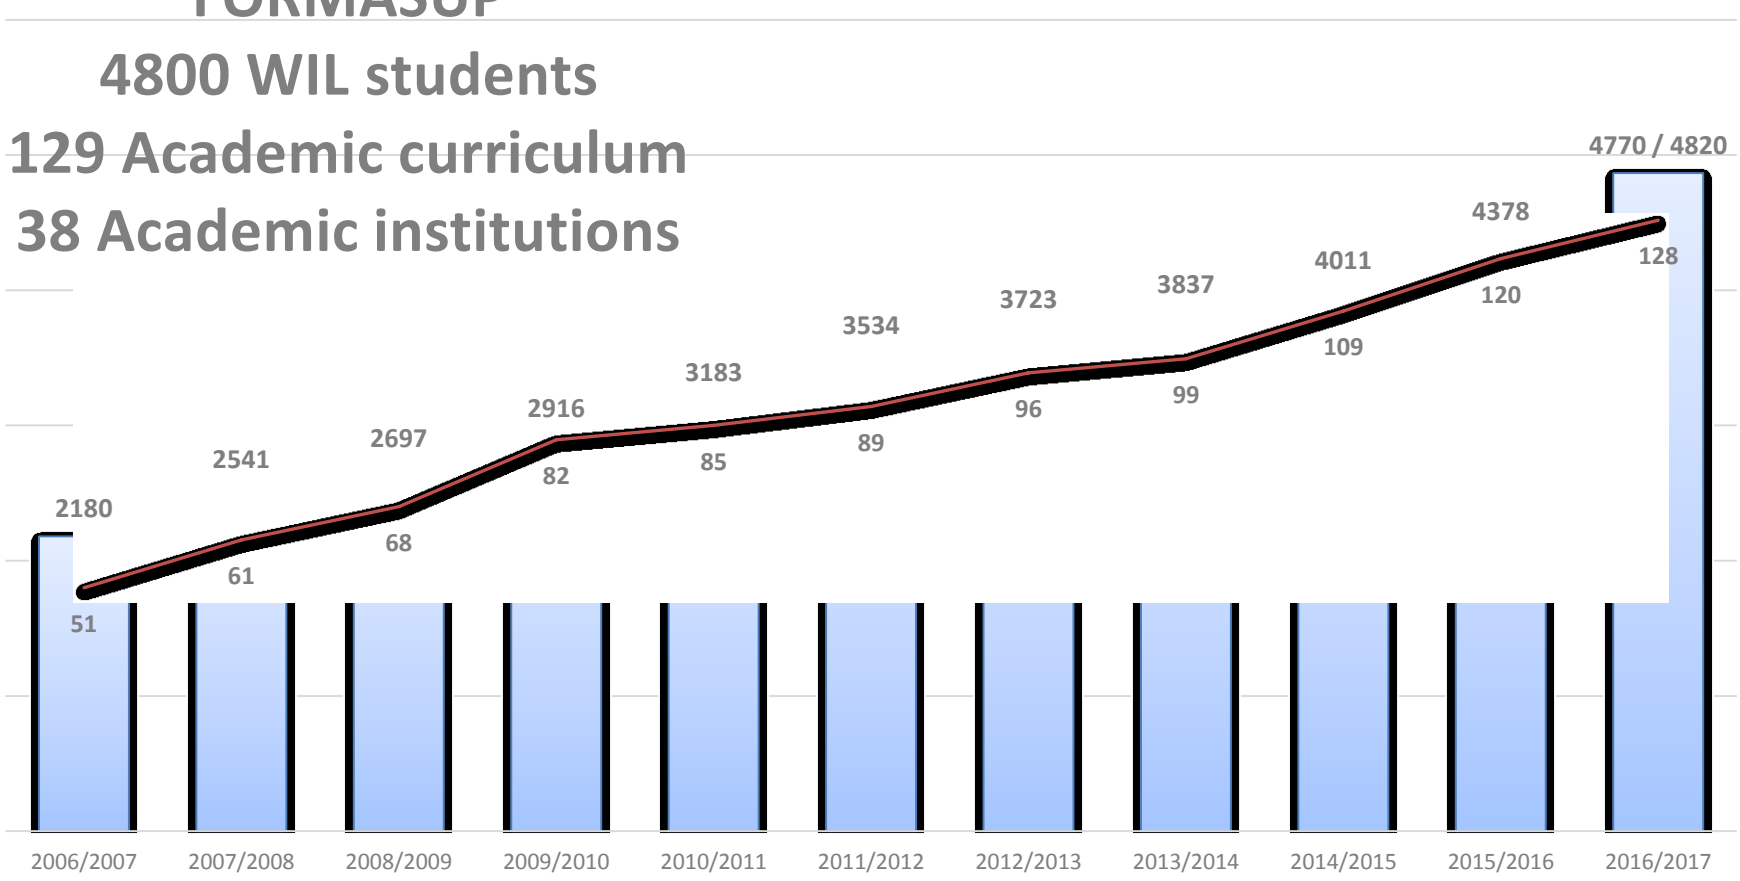

Example : during two years, 2 days in University / 3 days in company ;
Or one week/one week
Or one month/one month

FORMASUP

4800 WIL students

129 Academic curriculum

38 Academic institutions

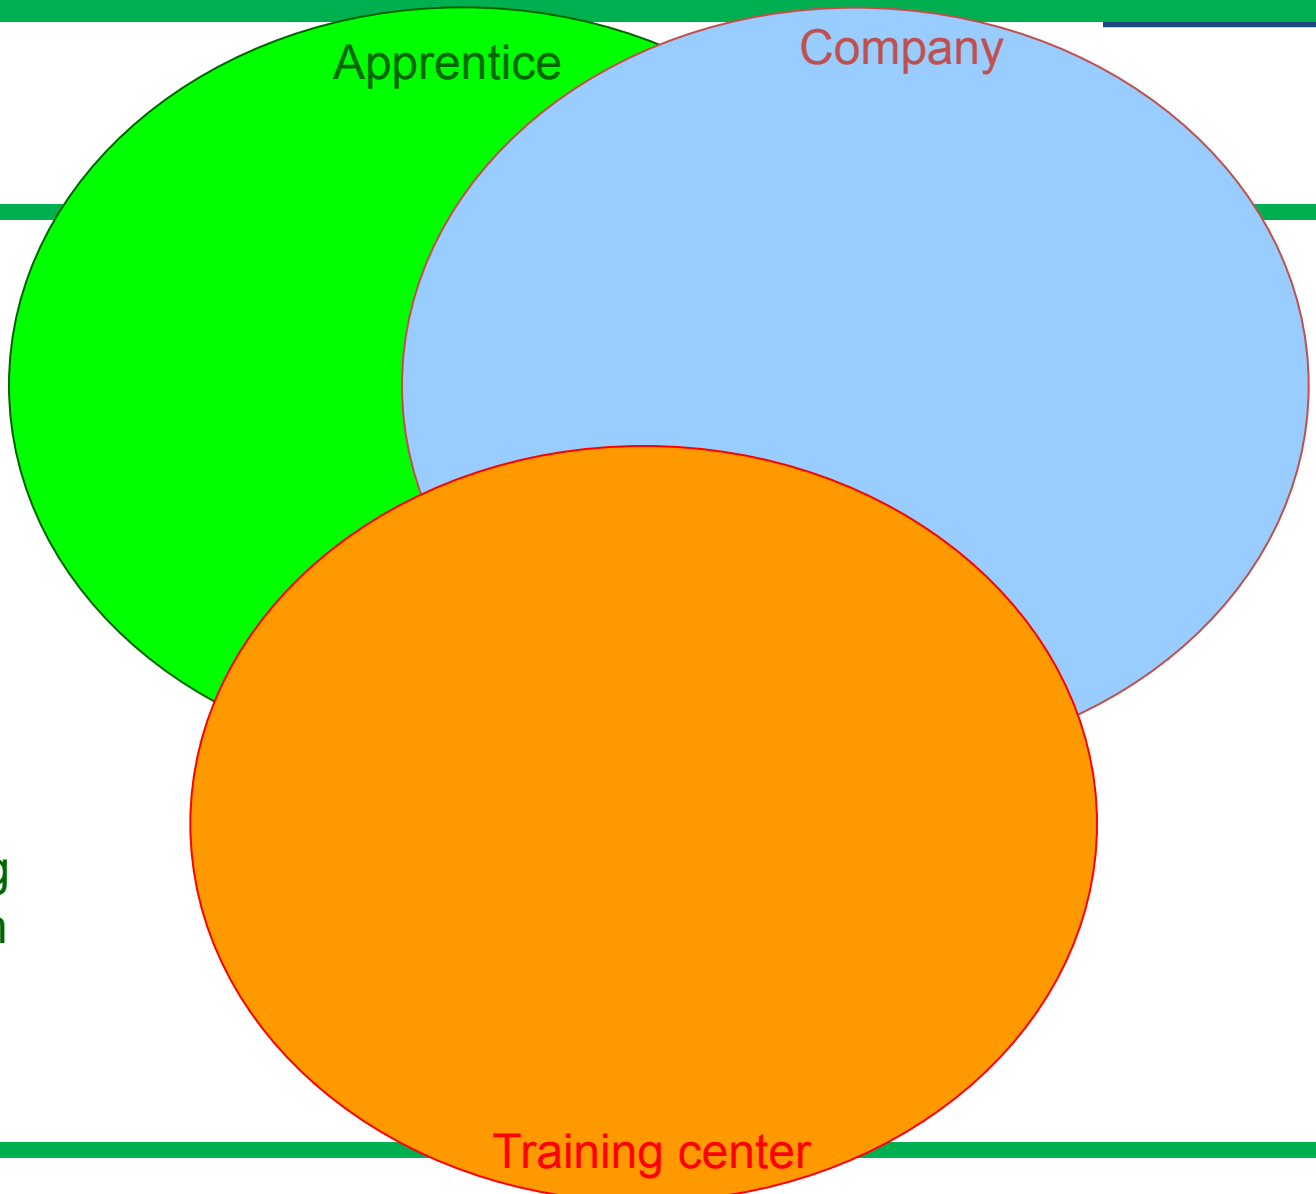

The actors

Goals of each Actors

Seem to differ but

the winning trio leads to a real ability transfer through mentoring and work situation

ADVANTAGES

- **For the students**
  - To obtain
    - an acknowledged degree, a complete hands-on professional experience
    - a real knowledge of the everyday life of a company.
  - To benefit from tailor-made training particularly thanks to a company mentor in charge of the apprentice's on-site training.
  - To get a salary during their training period

- **For the companies**
  - To hand on their know-how. To possibly carry-out a "pre-recruitment" process.
  - To benefit from financial assistance

- **For the schools/universities**
  - Be aware of economic and industrial framework, Be an efficient vector of employability
  - Improve pedagogical aspect introducing cases study
  - Take benefit of students feedback

THANK YOU FOR YOUR ATTENTION!
