Education

STRATEGY UdL

- **Adapt** the **training** offer to current and future **needs** and **social demands**
- Facilitate **employability** through **education** with professional and social **recognition**
- Strengthen the **role of the UdL** as a **driving force** of personal, social and economic **development** of their **local environment**

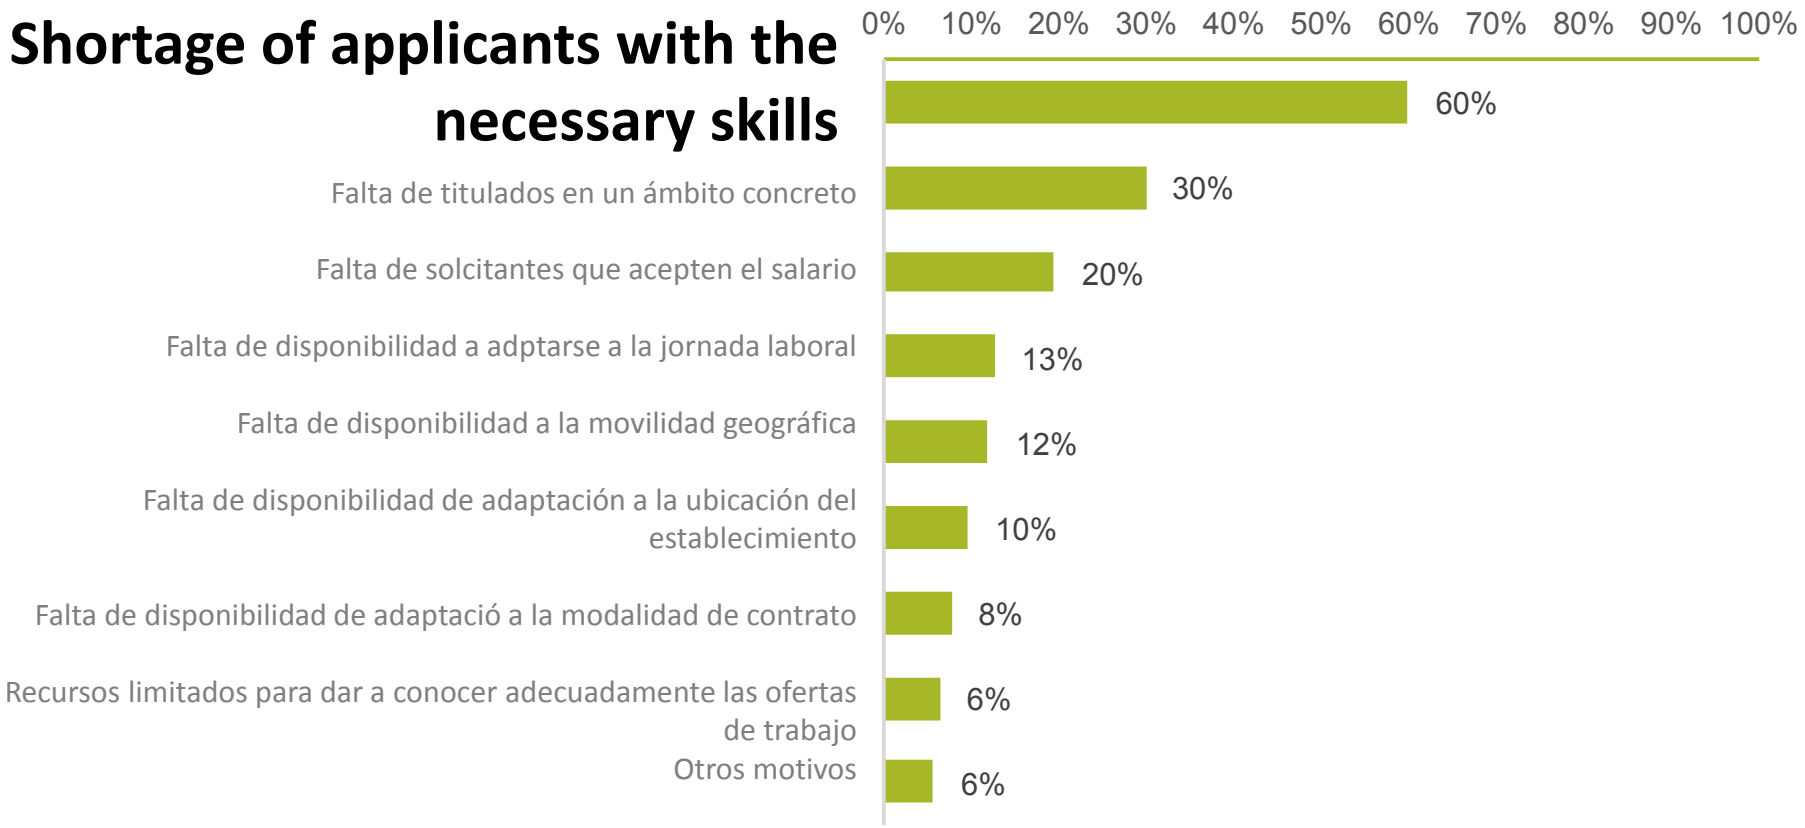

EMPLOYABILITY

First Bolonia Objective

Adoption of a system of easily readable and comparable degrees, also through the implementation of the Diploma Supplement, in order ***to promote European citizens employability*** *and the international competitiveness of the European higher education system*

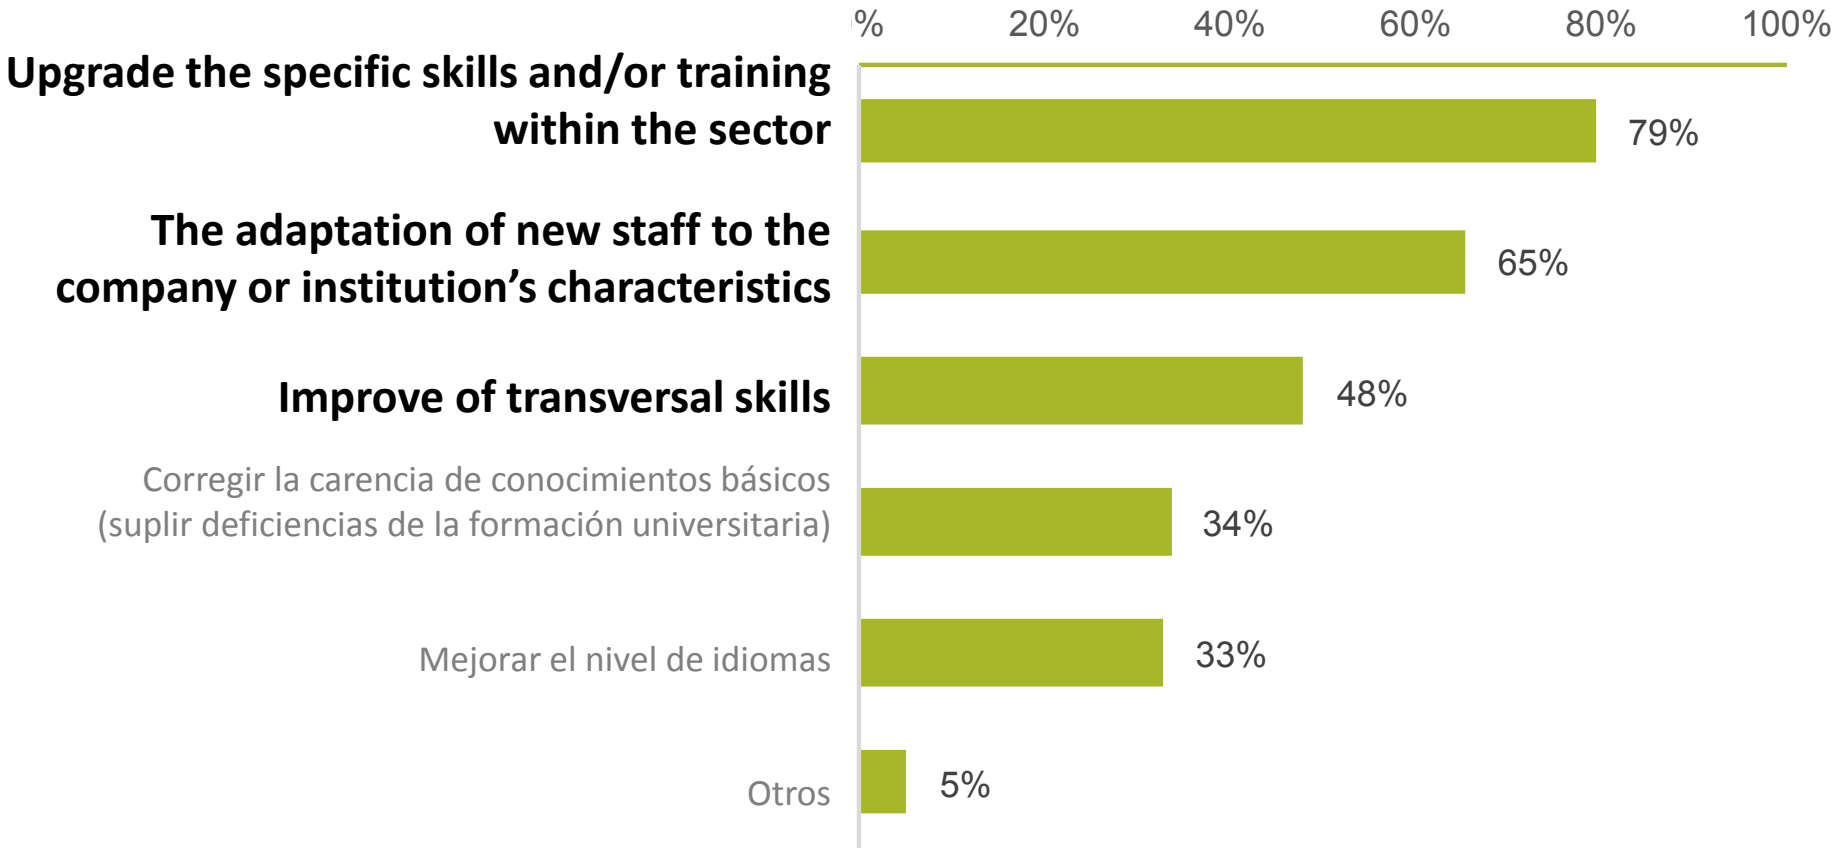

42% of employers recruiting graduates experienced difficulties in recruitment

Shortage of applicants with the necessary skills

Third Bolonia Objective

Establishment of a system of credits - such as in the ECTS system - as a proper means of promoting the most widespread student mobility.

*Credits could also be acquired **in non-higher education contexts, including lifelong learning,** provided they are **recognised** by receiving Universities concerned*
