Report:

The meeting was opened at 11:15 on Monday, December 11, 2018 by project Coordinator Prof. Dr. –Ing. Nenad Zrnic, UB. The venue of the meeting was at the Room 211 at University of Belgrade – Faculty of Mechanical Engineering. Coordinator opened the meeting, welcomed participants and introduced them with meeting agenda. After welcome speech by Prof. Zrnic, Prof. Dr. Ivanka Popovic, vice-rector for international cooperation welcomed participants on behalf of Rectorate of the University of Belgrade. She emphasized that the project topic was very important for Serbia since it was focused on the development of partnership between university and industry. The third welcome speech was by Assistant Prof. Dr. Gabrijela Grujic, Assistant Minister from Ministry of Education, Science and Technological Development of the Republic of Serbia who was the creator of National model for dual and entrepreneurial education in Serbia for secondary education.

After welcome speeches, Prof. Dr. –Ing. Nenad Zrnic, UB started the presentation of the project. He introduced the participants with 14 partner institutions – 5 EU partners, 4 state and 1 private university from Serbia, 1 school of applied sciences from Serbia, Ministry of Education, Science and Technological Development of the Republic of Serbia, National Council for Higher Education from Serbia and Ni-CAT cluster from Serbia. Afterwards, all meeting participants were introduced and representatives from partner institutions gave some remarks regarding their expectations from the project. Prof. Dragan Domazet, BMU introduced participants with 13 associated partners from industry and emphasized their role in the project.

Based on the project application, Prof. Nenad Zrnic gave summary of the project including project aims and objectives, proposed work plan, and project budget.

He emphasized that Government of the Republic of Serbia gave very high priority to Dual Higher Education (DHE). At the moment we have implementation of dual education at the secondary level. One of the goals of DualEdu is to generate flexible and generic DHE model. The model should be generic, i.e. it should be possible to implement it in different HE institutions regardless the field, and it should be flexible in terms of different needs of state and private funded universities and universities of applied sciences. It will be tested in pilot implementations at all HEI partners from Serbia in different fields (IT, ME, EE…). Very important goal of the

project is to propose amendments to the corresponding legislation and to accreditation standards in the Republic of Serbia.

After the overall project presentation, during the coffee break representatives from partner institutions voted for the project logo. A total of 6 logos were proposed, and the results of the voting were as follows:

No	Logo	Number of votes
1	DualEdu +Erasmus	7
2	DualEdu +Erasmus	1
3	DUALEDU Implementation of Dual Education in Higher Education in Serbia	1
4	DualEdu Implementation of Dual Education in Higher Education of Serbia	0
